

Jr. Counselors

- All Jr. Counselors must attend pre-camp training. This is an important time for necessary training and bonding with fellow counselors.
- Jr. Counselors must work at camp for the entire summer.
- Jr. Counselors must be 17 years of age before camp begins. Unfortunately, no exceptions.
- Jr. Counselors are paid \$900 for successful completion of pre-camp training and 7 weeks of camp (room and board is included). In addition, counselors can receive a \$100 bonus if they are, or become, lifeguard certified (for a waterfront). During pre-camp, we conduct lifeguard certification.
- Jr. Counselors are expected to assist or possibly lead activities at camp (they will always be accompanied by at least one other counselor over the age of 18).
- For those who don't meet all of the requirements, we would love to have them come back as a CIT. **Second year CIT's will receive a 75% discount from standard tuition.**

If you have any questions, please let us know.

Best,

Sandy and Randy Abbott
